CLIENT TESTIMONIALS

MITCHELL ROSS :

Rahil, or as he likes to be called now Raheezy LOL - he's a great friend. Honest, trustworthy, smart and hard-working. We shared offices together. He built websites for my company. Now I'm setup with my Amazon Store and profits have indeed. A+++

TYLER ALEXANDER BELL

Entrepreneur at WildStar LLC. Bellingham, WA.

We were amazed by how little effort was required on our part to have Smart Brokers USA™ prepare and launch our Amazon Store. We exchanged a few phone calls. I had them setup my LLC - and - guide me on registering as an Amazon Seller. Thanks Rahil

FREQUENTLY ASK QUESTION

WHY SELL ON AMAZON?

Did you know compared to stocks and real estate that offer 2.5% - 5% ROI, instead you can choose to invest in Amazon to get 20% - 45% return and with little risk & no work. No wonder Amazon is a global superpower.

AM I ELIGIBLE FOR THE PROGRAM?

To be eligible to sell in America, you must be a Citizen with a license, social security & you must have funds to buy products before month-end settlement from Amazon. Also is limited to one person per household.

WHY DOES MY CREDIT LIMIT MATTER?

In fact, we can work with those with as little as a \$1500 card; however, sales & profits will be less. To earn upwards of \$5K get a higher limit. On a revolving basis we use it on Walmart & Costco to buy.

WHY DO I PAY 45% TO THE TEAM?

Be fair with us. Our team spent years studying computer science, in Amazon™ FBA workshops. No we have certain skills nobody has. We spend hours to add, manage, edit, and execute tasks on your behalf.
